FUCHS PLEADS GUILTY TO A-BOMB SPYING

Wilmington Hotel Solves Problem of Furnace Failure

Mine Strike Increases Unemployment

Prison Sentence Given Scientist In British Court

Secrets Were Given To Russia, He Says In Full Confession

THE GENERAL DENVER HOTEL in Wilmington is being heated, temporarily, from the outside. When the hotel's boiler broke down Tuesday, Manager Paul Fuller borrowed a tar heating boiler from a road contractor, set it up outside the hotel and piped heat into the building. The hotel's boiler is being repaired.

Trial of Union For Contempt Being Pressed

Some Ohio Mines Putting Out Coal Under Protection

WASHINGTON, March 1—(AP)—The government today completed its case in the contempt-of-court trial of John L. Lewis' United Mine Workers.

The UMW moved for a dismissal of all the contempt charges brought because the coal miners have flouted a Feb. 11 court order that they return to work.

Judge Richmond B. Keech denied the motion and told UMW attorneys to go ahead with their defense.

Welly K. Hopkins, the miners' chief counsel, contended the government testimony was insufficient to prove the charges of contempt. He said it did not show any actual participation by the union in the continued strike. Hopkins has repeatedly argued since the trial began that the miners have quit work by individual decisions and that the union is in no way responsible for the work stoppage.

For disobeying Judge Keech's mandate, the union can be heavily fined. Lewis and the UMW have paid \$2,130,000 for two previous court shutdowns during strikes. That added some pressure to Lewis' side of the bargaining table as negotiators were called back to contract talks today. Some close observers believed that a sudden settlement might lighten any fine Judge Keech would be inclined to impose for the 18-day defiance of his order by 372,000 striking miners.

On the other hand, the operators were under pressure, too. Their idle mines were costing huge sums of money to keep up, without much chance of ever recovering the lost profits.

The growing shortage of fuel added new towns and cities to the list of those where save-coal efforts were intensified.

President Truman's council of economic advisors reported that the coal strike has changed the optimistic outlook for business in the first half of this year.

Without any confirmation from the White House, there continued to be talks that Mr. Truman might seek power to seize the mines in the name of the government, to get out urgently needed coal.

MORE UNEMPLOYMENT
PITTSBURGH, March 1—(AP)—Soaring unemployment stemming from the soft coal strike neared the 600,000 mark today—with no end of the waitlist in sight.

Some 200,000 furloughed workers in coal-using industries have joined the 372,000 striking United Mine Workers in swelling the idle total.

The nations soft coal supply is down to 5.6 days.

And there is a new threat of a shortage in hard (anthracite) coal. The 80,000 UMW anthracite diggers are working a three-day week while their own contract negotiations have been going on sporadically since last May.

Some soft coal is being dug by non-union miners working independent mines. However, yesterday a group of strip (surface) mine operators charged they are being subjected to a "reign of terror and lawlessness" in western Pennsylvania's soft coal fields.

G. Albert Stewart, executive secretary of the Central Pennsylvania Open Pit Mining Association, said that more than \$500,000 in damage has been done "without a single culprit being apprehended and brought to justice."

Pennsylvania state police have arrested eight men for topping trucks and dumping coal. Several non-union miners have been beaten.

CONDITIONS IN OHIO
COLUMBUS, March 1—(AP)—The coal picture in at least one Ohio area brightened somewhat today (Wednesday) with Cleveland, the state's largest city, reporting 1,700 tons of coal to be delivered there.

Joseph P. Sullivan, executive assistant to Mayor Thomas A. Burke of Cleveland, said 1,400 tons would be stoker fuel for institutions while 300 tons could be used in homes.

Knockout Drops Kill Leopard 15 Hours after Being Caught Following Escape from Zoo

OKLAHOMA CITY, Mar. 1—(AP)—Oklahoma City's meandering leopard died yesterday after a three-day fling at freedom.

The crafty creature escaped from his prison pit at the Lincoln Park Zoo Saturday.

His leap from the 18-foot deep pit, as a group of children looked on, set off a wave of excitement which had a nation grasping for news on the hunt which followed for the jungle-killer.

The 175-pound cat, fresh from India's jungles, came sneaking home after midnight yesterday like a runaway boy—hungry.

It was apparent hunger which indirectly took the life of the leopard after 61 hours of carousing through northeastern Oklahoma County's brushland and gulleys.

Two solid helpings of horse meat—the usual diet—placed strategically on a fence surrounding the pit came as a tempting lure to the crafty creature.

He gobbled greedily, slipped back into the nearby pit. He was discovered in a groggy condition by three zoo attendants.

The prize morsels of meat were loaded with a strong drug—chloral hydrate—enough to keep the (Please turn to Page Ten)

Cancer Patient Dead Before Air Injected, Trial Jury Is Told

MANCHESTER, N. H., March 1—(AP)—The defense today read into the records a statement by a fellow physician that Mrs. Abbie Borroto was dead before Dr. Hermann N. Sander ever reached her bedside.

The statement reportedly was made by Dr. Albert Snay, who examined the cancer-ridden woman the morning of Dec. 4 a few minutes before Dr. Sander is alleged to have injected air into her veins.

Sander is on trial on a charge of first degree murder.

Dr. Snay was quoted as saying he carefully examined Mrs. Borroto, found no pulse, no reflex of the eyeball, no heart sound through a stethoscope and therefore:

"I concluded then that she was dead."

"The patient appeared to be gone," read Dr. Snay's statement. "Dr. Sander walked in, and I said something to the effect there is nothing to be done."

Dr. Snay's statement said that he himself then continued to the main office of the Hillsboro County Hospital where Mrs. Borroto died.

"I made no report on the case because I knew it was Dr. Sander's and he would make the necessary report," the statement said.

'She Was Dead'
Dr. Snay's statement further related that he later met Dr. Sander on the hospital steps and Sander said:

"She was dead."

"From her appearance," Snay's statement continued, "it was amazing to me that she had lived as long as she did. Nothing Dr. Sander or anyone else could have done could have affected her condition."

Earlier, a state medical witness at the so-called "mercy murder" trial admitted that a physician might make a mistake in judging whether a patient was alive or dead.

Under cross-examination, county medical referee Robert E. Biron was asked by Sander's defense lawyer:

"On the question of judging life and death, a physician whose emotions are strongly moved—such a physician may make a mistake about whether a patient is alive or dead?"

"That's a personal thing," replied Dr. Biron. "He might."

Defense counsel already has

said they intend to show that Mrs. Borroto was dead before given any injections.

Under questioning by Attorney General William L. Phinney, Dr. Biron had said earlier that Mrs. Borroto's hospital record showed she was given four injections of air. He said further that "to my knowledge" air injection has no medical value and is not common in medical practice.

Dr. Biron said he was called to the Hillsboro County Hospital 25 days after the death of Mrs. Borroto.

The county medical referee said he read medical reports in the case. And then he told the 13-man jury:

"I pondered for a few moments to determine how to explain the last part of the 'progress notes' and then decided it should be brought before the authorities."

Biron then read from records previously introduced by the prosecution. One read—"patient given 10 CCs of air, repeated four times, and expired 10 minutes after this was started."

The county medical referee said he summoned Sheriff Thomas F. O'Brien to the hospital and that later Dr. Sander came to the records room at the hospital.

Verbatim Testimony
Attorney General William L. Phinney asked Biron:

"After Dr. Sander arrived, did you converse with him?"

"I did, yes sir," replied Dr. Biron.

Q. What did you ask him?

A. I called his attention to air injection and asked him the reason for it. He stated due to the pleading of Mr. Borroto to relieve his wife's suffering he injected air into her veins. I asked him if he realized the consequences of what he was doing and he said he did. I asked him if he realized Mrs. Borroto died of air injection and he said he did. I asked him if he knew he had broken the law. He stated he had the permission of Mr. Borroto and that he thought the law was not correct in this case; that he might have broken the law but that the law ought to be changed.

Wyman was on his feet at virtually every question to make objections. Each was overruled and Wyman finally entered a blanket objection to the entire testimony and sat down.

Fear of Non-existent Cancer Blamed as Mother Disappears

RENSSELAER, N. Y., March 1—(AP)—Police in 14 states were looking for a 30-year-old mother today to tell her she doesn't have cancer.

The three young children of Mrs. Helen B. Overlander prayed for her return.

The tall, hazel-eyed blonde kissed the children goodbye last Friday and disappeared. She told them they would never see her again.

Mrs. Overlander had the mistaken belief she was suffering from cancer. Her husband, Sherrell, said her physician told him yesterday there was nothing serious-

ly wrong with her.

For the last year, Mrs. Overlander had been under treatment for an internal disorder.

Overlander, a 33-year-old truck driver, said his wife had told him her grandfather died of cancer four years ago and she feared the disease was hereditary.

"She often told me," he said, "that she would disappear if she ever learned she had cancer."

The children, Sherrell, Jr., 10, Carl, 8, and Mary Elizabeth, 6, are being cared for by friends who have moved into the Overlander home in this city, across the Hudson River from Tlmany.

LONDON, March 1—(AP)—Dr. Klaus Fuchs, the Jekyll-Hyde mastermind of British atomic research, was sentenced to 14 years in prison today on his plea of guilty to betraying the topmost atom bomb secrets to Communist Russia.

At the close of a swift trial in historic old Bailey Court, the Lord Chief Justice, Baron Goddard, flayed the 38-year-old German-born scientist as an ingrate refugee who had bitten the hand that fed him and had done "irreparable harm both to this land and the United States of America."

The trial lasted only an hour and a half and only one witness was called—British Security Officer William J. Skardon, who told the court how Fuchs confessed to giving top atomic secrets to Russian agents over a period of seven years.

The witness was called by the defense. He said Fuchs had cooperated fully with authorities and that without the confession, could not have been charged.

No Secrets Let Out
The owlish, bespectacled genius was given the maximum sentence for violation of Britain's official secrets act. At no time were any details of the secrets he betrayed disclosed publicly. He was charged on four counts.

Despite Fuchs' apparent attitude of contrition, his lawyer, Derek Curtis-Bennett, told reporters "an appeal is being considered."

"You have imperilled the right of asylum which this country has hitherto extended to political refugees," Lord Goddard told the 38-year-old Jekyll-Hyde scientist. Fuchs arrived in Britain in 1933, a refugee from Nazi persecution.

Fuchs was charged with betraying secrets to Russian agents while in Birmingham, England, in 1943; in New York in 1944; in Boston in February, 1945; and in England again in 1947.

Sir Hartley Shawcross, the prosecutor, pictured Fuchs as "disillusioned and ashamed" for having placed himself and his country in "this terrible position."

Arrested On U. S. Tip
Fuchs was arrested on a tip by the U. S. Federal Bureau of Investigation. He had been trusted with the deepest secrets of British and American atom research and had worked at Los Alamos, N. M., where the atom bomb was assembled.

Fuchs, a Communist since 1932 and a naturalized British citizen, was told by Lord Goddard:

"You have betrayed not only the inventions of your own brain for which this country was paying you, but you have caused grave suspicion to fall on those whom you falsely treated as friends."

"You might have imperilled the friendship between this country and the great American Republic with whom His Majesty (the king) is allied."

"You have done irreparable harm both to this land and the U. S. A. and you did it as your statement shows—clearly for the purpose of furthering your political creed."

The lord chief justice was referring here to Fuchs' confession, in which he had said he deliberately split his personality into two compartments, one of loyalty to his western friends, the other of devotion to Communism.

"Your statement," said Lord Goddard, "shows the depths of self deception to which people like yourself can fall. Your crime is only thinly differentiated from high treason."

Asked if he had anything to say, the man who hoodwinked top British and American anti-espionage agents for seven years replied in a low, calm voice:

"I have had a fair trial. I thank you, my lord. I thank by counsel and the governor and the staff of the British prison for their considerate treatment."

Fuchs had been confined in bleak Brixton Prison, in the Lambeth section of southwest London, since his arrest Feb. 2.

The solemn, bespectacled scientist, prefaced his statement with this comment:

"I have also committed some crimes other than the ones with which I am charged. When I asked my counsel to put certain facts before you I did so in order to atone for those other crimes."

Secrets May Be Given To Communist Hunters

WASHINGTON, March 1—(AP)—President Truman may surprise his GOP critics by opening secret state department files to Communist-hunting senators.

An administration official who declined to be quoted by name said today the president might decide to permit representatives of a senate foreign relations subcommittee to delve into the records in its inquiry—beginning next Wednesday—into charges by Senator McCarthy (R-Wis.).

McCarthy has said a number of Communists are now working or have worked for the state department. He has contended, however, that an investigation of these charges would be useless unless their secret loyalty files are made available.

Mr. Truman has banned congressional committees from the files in the past. Administration lieutenants said he may make an exception to allow senators to visit

the state department and see the files there.

If that happens, Republicans said they will demand that one or more of their members be present when the files are examined.

A senate appropriations subcommittee heard testimony by state department officials yesterday that hundreds of representatives of other executive agencies have thumbed through the loyalty files to learn whether job applicants have any black marks on their records.

Senator Ferguson (R-Mich.) told a reporter that, this being true, he could see no reason why Congress should be barred from them.

Fight Is Carried on By Lustron Dealers

WASHINGTON, March 1—(AP)—Lustron prefabricated homes dealers have carried their fight to prevent government foreclosure on the housing venture to a Senate banking subcommittee.

W. W. Lobdell of Rockford, Ill., is spokesman for the dealers.

The meeting was arranged as lawyers for Lustron and the Reconstruction Finance Corporation appeared in U. S. District Court a judgment for \$36,400,000 against in Columbus. The RFC has asked Lustron on grounds Lustron has defaulted in payments on loans asks a receiver be appointed for totaling \$37,500,000. The RFC also Lustron.

The subcommittee will be told that Lustron "if permitted to continue, can earn a profit," Lobdell said. Ten of Lustron's 231 dealers homes this year, Lobdell continued, say they can sell 2,800 Lustron

"If about five per cent of the dealers can sell 2,800, we are confident that a survey of all dealers now being made will show Lustron homes a year, which is we can handle more than 8,000 enough for the factory to make a profit," he added.

3 Burn to Death in Trailer On Farm North of Hillsboro

HILLSBORO, March 1—(AP)—A brother and two sisters burned to death early today in a trailer parked 50 yards from their farm house four miles north of here, Deputy Highland County Dr. A. M. Brenner reported.

Dr. Brenner listed the victims as:

John Albert Runk, 70, and his sisters, Miss Fannie Runk, 77, and Miss Otta Mae Runk, 65.

All three had been in feeble health, authorities reported. The deputy coroner said he had not determined definitely why the three lived in the trailer instead of their farm house.

A neighbor living a quarter of a mile away saw the trailer in flames at 2:30 A. M., and called the Hillsboro fire department. By

Ohio Shivers In Cold Wave

WASHINGTON, Mar. 1—(AP)—A new cold wave is striking into Ohio, Kentucky, West Virginia and the western parts of New York and Pennsylvania.

The mercury is expected to dip as low as zero in western New York, a special bulletin said. It added:

"Cold arctic air is sweeping southward into the northern plains and Great Lakes region from central Canada and the Hudson Bay area. Snow squalls and strong winds are expected tonight in the Great Lakes region and northern Appalachians. Temperatures will drop to zero to ten above in western New York, five to ten in northern Ohio and northwestern Pennsylvania, ten to fifteen in West Virginia, southern Ohio, southwestern Pennsylvania and northern Kentucky, and fifteen to twenty in southern Kentucky. Colder weather is also predicted eastward to the middle Atlantic coast. This cold and windy weather will continue through Thursday and Friday over northeastern United States."

Five Meet Death In Head-on Crash

ARROWSMITH, Ill., March 1—(AP)—Five persons—a farm couple and three teen-agers—were killed near here last night in a head-on collision of two automobiles. One young girl was injured seriously.

The farm couple's car and a car in which two young couples were driving crashed on a country road, two and a half miles northeast of this small central Illinois community.

Chalmers Craig, 31, and his wife, Bernadine, 26, were within 500 yards of their farm home when the accident occurred.

Ralph Bell, 18, and Norma Resser, 17, were killed instantly in the crash of Craig's car and the machine in which the two boys and two girls were riding.

Gale Kirkpatrick, 19, died in a Bloomington hospital a few hours after the accident.

The time firemen arrived all three were dead.

Dr. Brenner said two of the bodies were found inside the trailer, charred. The third, that of Miss Otta Mae, was found outside the trailer.

Lawrence Chaney, who takes care of the stock on the Runk farm, said he believed he was the last to see the trio. That was at 9:30 o'clock last night he said. He told authorities that at that time he turned down the flames of two stoves in the trailer—a bottle gas stove and a fuel oil stove.

Chaney said it was his opinion one of the three got up during the night and that one of the stoves had been overturned accidentally, setting the trailer ablaze.

250 Make Escape While Hotel Burns

SPOKANE, Wash., March 1—(AP)—A million-dollar hotel fire was controlled early today after a six-hour fight by 250 firemen.

More than 250 guests and permanent residents of the 200-room Ridpath Hotel in the center of the city business district fled from the building or were carried to the streets. The adjoining Halliday Hotel—a six-story structure with 85 rooms—was evacuated when flames threatened it.

A Red Cross emergency center said it had checked in more than 250 evacuees without a report of serious injury. Four firemen were overcome by smoke.

Estimate of the damage was made by a Spokane realtor and business properties manager, Theodore Galland.

Fire Chief James Blamey described the central section of the "L" shaped hotel as almost a total loss.

Ford Pension Plan Goes into Effect

DETROIT, March 1—(AP)—Several hundred old-timers whose gnarled hands turned out model-T's for the famous \$5-a-day wage years ago punched the time clock at the Ford Motor Co. for the last time yesterday.

Starting today, they'll get virtually the same amount for doing nothing. There's one difference, of course. Five dollars today isn't what it was 30 years ago.

The historic Ford pension plan, guaranteeing \$100-a-month pensions including social security, officially went into effect today.

Just how many men started sleeping in this morning was not known. But about 5,000 Ford workers have met requirements for a pension—age 65 and with 30 years' service.

Ohioan Disappears But Car Is Found

NEWARK, March 1—(AP)—The state highway patrol is aiding in a search for Dr. Robert M. Wingard of Newark, who was reported missing Feb. 20.

Dr. Wingard is assistant medical examiner for the Newark division of the Baltimore & Ohio Railroad. His superior, Dr. D. T. Williams, said Wingard had been "acting strange" just prior to his disappearance.

The patrol found Dr. Wingard's abandoned car on Route 36, west of Delaware. The gas tank was empty, and the car contained considerable luggage.

Canton Turns Down Levy for New College

CANTON, March 1—(AP)—Canton citizens yesterday voted heavily against three tax levies to establish a college to be known as Canton University. The Canton branch of Kent State University will close at the end of the school year because of lack of funds.

ly wrong with her.

Trip to Europe Is Described at B&PW Meeting

Miss Dorothy Pyle
Is Introduced As
Girl of Month

England, Holland, Belgium, France, Switzerland, Italy—all these scenic places were on the itinerary of the vicarious tour of Europe taken Monday night by the Business and Professional Women's Club.

Before the B & P W gathering at the Country Club, Mrs. Edythe Craig described her recent ocean voyage and extended tour on the continent.

Mrs. Dorothy Miller, president of the club, presided over the business session that preceded the featured part of the program. Miss Florence Cook, secretary and Mrs. Mary Ellen Dellinger, treasurer, presented their reports.

The girl of the month, Miss Dorothy Pyle, WHS senior, was introduced to the group by Miss Amelia Pensyl, the education chairman. The eight guests present were also welcomed to the meeting.

The meeting was then turned over to Miss Ruth Sexton, chairman of the International Relations committee, who presented Mrs. Craig.

Mrs. Craig said she was one of 2,300 passengers who made the trip over the Queen Elizabeth. There was a crew of 1,300 to handle the huge liner, which docked at Southampton.

Visited Palaces

Going to London, Mrs. Craig visited Buckingham Palace, Westminster Abbey, Warwick Castle and Windsor Castle. She visited the famous Ann Hathaway Cottage, where Shakespeare lived.

She crossed the channel to Holland, where bicycles are the mode of travel. She said she enjoyed the food there and the people seemed thrifty. Mrs. Craig also visited a museum in Holland, where she saw a few Rembrandt originals.

Mrs. Craig visited lace factories in Belgium and saw lace made by hand. She also visited the sidewalk cafes there, she said. She noted that nothing appeared to be rationed in Belgium. She also visited the King's palace and court of justice.

She found the lowland area to be very quaint country and, in Luxembourg, stopped at Gen. Patton's World War II headquarters. An elderly couple lives there today, she said.

Mrs. Craig visited the cemetery where Gen. Patton and Colonel Dawson, of Ohio, are buried. She found water scarce and wine for sale on an all-day trip to Italy.

The trains were very clean, she observed, on her trip through the beautiful mountain settings to Switzerland. She was very impressed with the hotel in which she stayed on Lake Lucerne, in the midst of snow-capped peaks. She said Switzerland was a shoppers' paradise, with the purchasing power of money higher there than here.

Mrs. Craig then took an Alpine tour and later visited Interlochen and Lake Geneva.

Met Son at Zurich
She met her son, Andrew, at Zurich, Germany, and drove to Stuttgart through the Black Forest. She attended Sunday mass at the Cathedral at Frieberg with her son. The University of Heidelberg was another stop she made. Heidelberg is the silver center of Germany.

Paris, France, was her next stop. While in Paris, she saw the Arc de Triumphant and visited Notre Dame cathedral during mass. She commented on the "magnificent" stores in Paris.

Mrs. Craig returned to the United States on the Queen Mary. The setting for the B&PW meeting was in an international flavor, with decorations and tablepieces representing various countries.

Songs of different countries were sung by the group, which was led by Mrs. Helen Graham.

Mrs. Charles Hire accompanied on the piano.
The committee in charge of the meeting consisted of Miss Sexton, chairman, and Mrs. Craig, Mrs. Mae Schleich, Miss Clara Davis, Miss Lena Smith, Mrs. Pansy Morgan, Mrs. Ruth Glaze and Miss Ragna Stenmar.

Mainly About People

Carl S. Mallow Sr. is recovering slowly from a three weeks illness at his home, 641 South Fayette Street.

Mrs. Charles Gage, 332 North Main Street entered Doctors Hospital, Columbus, Wednesday for observation and treatment.

Mrs. Fred Enslin, 411 East Street, who is suffering from an attack of pneumonia at her home is reported to be slightly improved.

Orris Hatfield was taken from his home, 1016 East Temple Street to Mt. Carmel Hospital, Columbus, Tuesday afternoon in the Gerstner ambulance.

James Lawrence, 348 West Court Street is reported as recovering nicely in Doctors Hospital, Columbus, after undergoing major surgery Friday.

Mrs. Emerson Dowler was returned from Grant Hospital, Columbus to her home near Jeffersonville, Tuesday afternoon in the Alvin G. Little ambulance.

Mrs. Hugh Wolfe, nee Betty Horney, was returned from University Hospital, Columbus to her home, 215 Lewis Street, Tuesday morning in the Gerstner ambulance.

William Merritt, 504 Broadway, was admitted to University Hospital, Columbus, Wednesday morning for observation and treatment, making the trip in the Parrett ambulance.

Miss Helen Simons is a patient in Mt. Carmel Hospital, Columbus, for observation and treatment. She was taken to the hospital Tuesday afternoon in the Gerstner ambulance.

Mr. and Mrs. Rufus D. Short Jr., Brentwood Road, Bexley are announcing the birth of an eight pound son in White Cross Hospital, Columbus, February 20. The baby has been named Rufus D. Short III.

Charles Wallace III was returned to the home of his parents, Mr. and Mrs. Charles Wallace on the Columbus Road, Tuesday after being a patient in Children's Hospital, Columbus for the past week. He is recovering nicely from virus pneumonia.

Psychologist Is Key Speaker At CTA Meeting

Differences in Mental
Development of Pupils
Pointed Out by Speaker

"With all the advances of science, it has not yet solved the problem of human growth," Miss Alma Ward, school psychologist from Dayton, told the City Teachers Association Tuesday evening.

Meeting at the WHS library, the city teachers heard Miss Ward speak on "Reading Problems—their causes and some remedies."

Miss Ward, who serves in the Dayton public schools and was, for four years, a consulting psychologist at O.S.U. for schools throughout the state, described problems familiar to every teacher.

"Growth is much more logical than we know," said Miss Ward. "A child does not hurdle a single cycle in his growth."

"And his emotional development is just as logical in many ways," she added. "We accept differences in physical size of six-year olds, but we often fail in our awareness of differences in mental development at the same ages."

"This difference may be as much as four years at the age of six," Miss Ward explained. "This gap grows wider from grade to grade and, at 16, may be as much as 11 years."

Miss Ruth Stecher, CTA president, presided over the meeting. Mrs. Ellen Pensyl, in charge of the program, presented a WHS octette to William Bowman, the WHS vocal music teacher.

Included in the octette, which entertained with three numbers, were Dixie DeWeese, Becky Armstrong, Madeline Denen, Doris Brown, Dick Hodson, Jimmy Moats, Bobby Cameron and Jon Pensyl.

A social hour was held after the meeting, with tea and cookies making up the refreshments. Mrs. Doris Dick was in charge of this part of the evening.

The cookies were baked by the home economics girls, under the direction of Mrs. Olive Woodyard, who was assisted by Miss Muriel Morton. Miss Morton is a practice teacher from O.S.U. and will be here for six weeks.

Joyce Crone, WHS student, helped serve and prepare the food as her personal project for her home economic class.

Miss Stecher announced that a legislative conference of district 8 of the Ohio Educational Association would be held at the Hillsboro high school auditorium at 7 P. M., March 21.

The conference is one of a series of 25 such conferences to be held throughout Ohio, she said.

Wayne Tourney Game To Be Broadcast

The Good Hope-Marshall basketball game, set for 8:30 P. M. Wednesday at the Waverly gym, will be broadcast over station WPAV-FM.

The Portsmouth radio station will air the Class B district tournament games over channel 281 on FM. Only those having FM radio sets will be able to pick up the Wayne game. The dial should be set at 104.1 megacycles.

Mrs. Van Pelt Dies
At Home of Son

Mrs. Rebecca Ellen Hodgson VanPelt, 90, died Tuesday at 8:20 P. M. at the home of her son, Wayne VanPelt, near Highland. She had been ill about a week.

She was the widow of Albert VanPelt.

Mrs. VanPelt is survived by two daughters, Mrs. Bethel Vincent of Columbus and Miss Eunice VanPelt of St. Louis, in addition to her son. She also leaves two half-brothers, Labon Hodgson and Charles Hodgson, both in Pleasantville, Ia.

Mrs. VanPelt was active in community life as long as her health permitted. She was a member of the Ladies Aid, the WCTU and Missionary Society of the Memphis Church.

Funeral services are to be held Friday at 2 P. M. at the Littleton Funeral Home in Sabina with Rev. Frank Milner of Leesburg in charge. Burial is to be in the Leesburg mausoleum.

Friends may call at the VanPelt home until Friday noon.

TEN YEARS OF PAIN END —STOMACH SEEMS REBUILT AND RELINED

"For ten years due to excess stomach acidity I suffered terrible pains," a Washington C. H. woman says. "The sour taste in my mouth took the taste for food away. If I ate, the food seemed to tear away the lining of my stomach. I would blow up with gas and suffer terrible indigestion. I started taking Ead-All and in a short time there was a complete change. The sour taste left. I eat my meals without bloating up with gas. For the first time in ten years the pain in my stomach has stopped."

Ead-All is a new medicine that goes right to work giving symptomatic relief from burning stomach and awful gas pains resulting from hyper-acidity. Miserable people soon feel different. Don't go on suffering, get Ead-All. Sold by Downtown Drug Co.

How Electoral College Change Would Work

The editorial department of this newspaper was asked by one of our readers recently to give some explanation of what the proposed constitutional change in this nation's electoral college would actually mean in the election of a president. We are glad to give a brief outline.

A great many people, who have not paid much attention to what is going on in Congress, are not too familiar with what has been proposed. There are strong adherents for the change and some strong opposition, the latter coming principally from active politicians in both parties who fear losses of advantages politically which they think they see.

For many years there has been agitation to change, through constitutional amendment, our method of electing presidents, by abolishing the electoral college system as it is now constituted and replacing it with a system based on the popular vote. It now looks as if this proposal has an excellent chance of becoming law.

If it does, it will revolutionize the established pattern of political campaigning.

Under the existing system, the candidate who gains a majority in a state gets the entire vote of the state in the electoral college. It doesn't make any difference how bare that majority may be. He might carry a state by but a single popular vote—yet he would get the whole electoral vote, and that is the vote that counts.

The constitutional amendment which is now pending provides that each candidate's electoral vote shall be proportionate to his popular vote. In other words, if a presidential candidate received 51 per cent of a state's popular vote he would get that percentage

of the state's electoral votes instead of all of it. And if, on the other hand, he got 49 per cent, he would be given that part of the electoral vote instead of none.

The influence this would have on campaign politics is obvious. For instance, the Republicans never spend much money or exert much effort in the Solid South. They know that their chance of gaining a majority in any of those states is but one short step removed from impossible. However, under the proposed new system, it would behoove the GOP to do its utmost in, say, Tennessee no less than in Ohio. Every Republican vote, even though the total was still modest, would help their candidate toward the White House.

By the same token, Democrats would no longer just go through the motions of campaigning in solidly Republican states such as Vermont. They'd be out to get the largest proportion of the vote possible.

President Truman has said he doubts if the proposed change can be effected in time to influence the 1952 campaign. But, as Jay Hayden points out in one of his columns, "All constitutional amendments recently adopted have run the gamut of state ratification in less time than would be available to complete enactment of the present proposal before 1952." The amendment repealing prohibition became law about ten months after it was submitted to the states. The amendment abolishing the "lame duck" session of Congress made the grade in 11 months. The amendment legalizing woman's suffrage was approved in 14 months.

In any event, it promises to cause important and far-reaching changes in the partisan political setup as it now exists.

Diet and Health Better Watch Weight To Keep Your Health

By HERMAN N. BUNDESEN, M.D.

THE overly-fat person is neither as comfortable nor as healthy as he would be if he were 25 pounds lighter. Nor is he likely to live as long because excess fat puts an extra strain on every part of the body.

I have emphasized the effect obesity has on the heart and other vital organs many times. Today I want to point out how it can be injurious in other, less well-recognized, ways.

On the Joints
One of the most important of these is in the effect it has on the joints. These delicate structures are designed to support a normal weight. When fat accumulates, the extra burden does damage in various ways.

The joints which suffer first—and most—are those of the feet, ankles, and knees, which carry the weight of the body in standing and walking. Many people who have suffered constant discomfort from painful feet have found great relief merely through losing weight.

Makes Pain Worse
According to an article in Hygeia by Dr. Lewin of Chicago, flat feet may be caused by overweight. In a person who has allowed his flat feet, the pain may be made worse by weight gains.

It is also important to remember that operations are sometimes required to correct painful disorders of the feet. Such operations will be carried out with greater difficulty in persons who are overweight.

Ankle sprains are common in persons who are overweight, and the sprain is likely to be much more severe than in those who are thin. A sprain occurs when

the joint is twisted and the supporting structures, that is, the ligaments and tendons, are torn or stretched. When the ankle is twisted, if the person is overweight, more weight is put on the supporting structures and hence more damage is done to them. Furthermore, the extra weight means that recovery from the sprain will be retarded because the injured ankle is subjected to additional strain by the excess weight of the obese person.

Injurious Effect
Overweight also has an injurious effect on the spine. Since the excess weight accumulates for the most part in the wall of the abdomen, the obese person usually becomes sway back. His shoulders are thrown backward and the lower part of his spine forward. Pain in the lower part of the back usually develops.

An overweight person may have to sit with his legs apart because the excessive fat keeps him from bringing his legs together. This unusual posture may cause spasm of certain of the muscles of the lower part of the back, with the development of backache.

Overweight carries with it so many penalties, particularly in people more than 40 years of age, that no obese person should allow this state of things to continue but should seek a physician's advice at once as to the proper means of bringing his weight back to normal.

QUESTIONS AND ANSWERS
J. L.: My blood count is up to 75. What is the normal rate?

Answer: I assume by 75 you mean that the amount of coloring in the blood is 75. The normal blood count should be between 90 and 100 per cent hemoglobin.

The Answer, Quick

1. According to the child's poem, who "sailed off in a wooden shoe"?
2. In theatrical language, what is meant by the "heavy"?
3. How many persons serve on a petit jury?
4. Do fishes close their eyes when they sleep?
5. What is Popocatepetl, and where is it situated?

Your Future

For carrying on of ordinary business and personal affairs, the combined planetary influence of Mars, Mercury, Sun, Jupiter and Neptune is helpful. The stars in their course favor you in the next 12 months. Look for artistic, musical and literary ability in the child born under these influences.

Watch Your Language

SURREPTITIOUS—(sur-rep-tish-us)—adjective: done, made or acquired by stealth or without proper authority; clandestine; acting or doing something clandestinely; stealthy. Origin: Latin—Surrepticius, Subrepticus, from Surripere, to snatch away, withdraw privily.

How'd You Make Out

1. Wyken, Blynken and Nod, in the poem of that name by Eugene Field.
2. A serious character, usually the villain.
3. Twelve.
4. No, because they have no eyelids.
5. A volcano in Mexico.

Chillicothe Fire Damage Is 12,000

CHILLICOTHE, Mar. 1—(P)—Firemen had to go only next door to the Central Fire Station last night to fight a fire. But they were there for three hours.

The flames swept a two-story building. Fire Chief Loren Gant estimated the loss at \$12,000.

The building contained the dental office of Dr. James R. Hull and the apartment of Charles Henn, a jeweler.

Three firemen were overcome by smoke in the three-hour battle to control the flames.

Return Visit Bandit's Last

AKRON, Mar. 1—(P)—The owner of an Akron wine store last night mortally wounded the man he said tried to hold up his place for the third time since last month. The robber was identified by police as Wilson K. Kretzberg, 30-year-old Akronite.

This is the story that the owner, Joseph J. Werner, told law authorities:

"I recognized him (the robber) at once as the same man who had held me up twice before, so I pulled my gun out of my pocket and told him to stand still.

"Instead of stopping, he walked toward me and told me to put my gun down while he counted. He had his hand in his pocket where he had his gun on the other occasions. At the count of two, I shot him twice."

"Bachelor" seals—males too young or weak to fight—live by themselves on a separate island of the Pribilof group in the Aleutians.

Ulric T. Acton

Auditor of Fayette County

"O God, Stir the Cities of

America Again!"

"O, Lord Revive Thy Work."

Daniel one of the most devout and Godly men that ever walked this earth, known for his piety and Godly example living in the midst of a wicked nation prayed confessing his sin and the sin of his people.

HIS PRAYER AND CONFESSION. And I set my face unto the Lord God, to seek by prayer and supplications, with sackcloth and ashes: And I prayed unto the Lord my God, and made my confession We have sinned, and have committed iniquity, and have done wickedly. O Lord, righteousness belongeth unto thee, but unto us confusion of faces. Daniel 9:3-7. PLEASE READ VERSES 18-20 and notice the earnestness and heart searching words. "O my God, incline thine ear, and hear; open thine eyes, and behold our desolation. O Lord, hear; O Lord, forgive; O Lord hearken and do; defer not. And while I was speaking, and praying, and confessing my sin and the sin of my people. An absolutely holy God can regard sin with no degree of allowance. least of all in the case of a Christian. Sin, known and tolerated in the daily life, will soon cost the Christian his standing and fellowship with his Lord, his joy in living, and his power in service. David speaks from experience in Ps. 68:18. If I regard iniquity in my heart, the Lord will not hear me.

Shortly after the invention of the telephone, a certain Judge is known to have said: "This wonderful discovery makes me fear that some day some one will invent a machine to tell other people what I am thinking about. If that ever happens, I intend to flee to the loneliest island on the face of this earth." Why was this Judge afraid to have his thoughts known? . . . because he was guilty of wrong thinking, and was ashamed to have his fellow man know what passed through his head. Yet those guilty thoughts were already known to God himself. "For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the house tops." Luke 12:2-3. Again we read in Psalms 139:7-10. Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I ascend up into heaven, thou art there: if I make my bed in hell, behold, thou art there. If I take the wings of the morning, and dwell in the uttermost parts of the sea; even there shall thy hand lead me, and thy right hand shall hold me." So, were you, dear Christian, to flee with the Judge to that lonely island, you would find . . . not indeed your fellow man, who cannot read your thoughts . . . but God, who knows your secret thoughts, would himself "beset you behind and before, and lay his hand upon you." Let us who are Christians not continue to roll our sins, as sweet morsels, under our tongues. We cannot preach cream and live on skimmed milk, we can preach Christianity by the yard but we will never impress the world until we live it by the inch. If we talk the talk, we should walk the walk. Please ponder the below list of questions long and carefully:

Do I say one thing with my lips, but deep in my heart think another? Can I forget my prejudices? Am I sincere with all I meet? ("sincere" means without camouflage). Do I talk unduly about my neighbor to his back? Does money possess me, or do I possess the money? \$ "In God we trust." Do you tithe? How long do I nurse a grudge? Is contempt of others one of my sins? Is every one else wrong but me? How do I feel when others justly criticize me? Do I have a scape-goat for all my wrong doings? Am I inflexible . . . hard to influence? Why? Is there anyone I do not care to meet? Am I making life hard for anyone? Is fault-finding one of my besetting sins? Do I try to put things over by being cross? Am I faithful to my Church? Do I preach the whole counsel of God? If not why not? What is my present contribution to the cause of Christ and His church? Have I made a list of my sins, and faced them honestly before God asking Him to reveal my heart to me? If not, why not? Is my all on the altar? We are anxious for a world-wide revival, and you would like God's rich blessings be signaled on your life, your Church and our nation but it will take more than a national day of prayer before God can answer, there must be a national confession of sins. What America needs, what old Uncle Sam needs, is an old-time horse and buggy-day mourners' bench. "Behold, the Lord's hand is not shortened, that it cannot save; neither his ear heavy, that it cannot hear: But your iniquities have separated between you and your God, and your sins have hid his face from you, that he will not hear." Isaiah 59:1-2. Listen to God's remedy for National distress: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from Heaven, and will forgive their sin, and will heal their land." II. Chron. & 14 Truly, "righteousness exalteth a nation, but sin is a reproach to any people." Proverbs 14:34.

Clip this message and pass it on to other Christian friends.

Why Leopard Didn't Change Spot

By Hal Boyle

NEW YORK —(P)—Oklahoma's prodigal leopard had more friends in death today than he ever knew in life.

Millions of Americans felt a twinge of regret at the passing of this beautiful creature, who crept back to his zoo home after 61 hours of fruitless wildcatting.

The way I look at it, the re-appearing leopard was just another mouse-hearted American husband, misunderstood both by his wife and his alarmed human neighbors.

To understand his strange case we must have a little background. Let us call him Louie and his mate Hortense.

Three months ago they were just another happy newlywed couple, enjoying the romance of poverty in the jungle along the Siamese-Burmese border. They never knew when they would land on their next meal. But, after all, they had each other—and anything else they could claw. And they were young.

Fame and prosperity just came to them too quickly. They were trapped, bought and shipped to the Oklahoma City Zoo. And then life became too easy. They had

free horsemeat every day, and crowds of Oklahomans came to admire them.

So they became vain and bored with each other.

"You're so dull, Louie, you never think up anything interesting to do," complained Hortense.

"Well, all you do all day long is manœuvre your toenails," snapped Louie. "You even got a hired man to clean out the house. And every day company, company, company—don't you think a leopard ever wants a little privacy?"

"I don't invite them," sniffed Hortense. "They just drop by."

But Louie moped and moped. He told himself he wished he could just get away from it all, and go back to his old single life in the woods.

And last Saturday he made a leap for liberty from the bottom of his pit, ricocheted against a wall and—to his own amazement—found he was footloose and fancy free.

For a while he felt deliciously happy. He loped and loped, dodging all people because he was tired of being admired. When night fell, he said:

"Guess I'll look up some of my bachelor leopard friends, and see what's new in the new jungle."

But he couldn't find any. All he saw was a puny tomcat, and when the tomcat saw Louie he ran like . . .

The next morning Louie felt fagged out and hungry. Then he heard the baying of dogs and saw groups of men with lightning sticks in their hands. Gradually it sank into his feline mind they were after him.

"Why?" he thought, crouching down to hide. "Why?"

He didn't know that civilization doesn't like married leopards to go out on the town any more than it does married men. He began to palk on Louie. He got tired of stalking old derricks. Nothing to eat in them.

So Monday night, weary, hungry and bedraggled, Louie said to himself:

"Poor Hortense. I'll bet she's feeling lonesome. Anyway she's learned her lesson. I'd better go back and see how she is."

And back went Louie, the homing pigeon, with his tail between his legs. He ate a chunk of drugged meat the zoo had put out for him, crawled into his den—and there they found him.

(Fifteen hours later he was dead. And the odd thing was that Louie, who never had even blown the foam off a mug of beer, probably just slept himself to death under the influence of the drug, chloral hydrate, which is often used to quiete noisy drunks.

(Well, anyway he won't have to listen to a lot of lady leopard talk from Hortense about what he did during his three nights out on the town.)

The Right of People to Select

By George Sokolsky

The most remarkable fact about the recent British election is that it took place at all. The right of a people to select and change their government is at the heart of the concept of representative government. That right has violently been disappearing throughout the world. It could disappear everywhere and therefore it is important that elections should be taken seriously. Apparently, the British people took theirs seriously.

In the Soviet countries, elections do take place. But the people have no choice. One list of names is presented to them and they are required to vote on that or be imperilled as enemies of the state.

The right of a people to choose their own government is unusual in history. Most governments have been established by force, by seizure, by the establishment of a self-perpetuating ruling group, either in the form of an

hereditary monarchy or a dictatorship by an oligarchy or, as the case of the Soviet states, a one-party dictatorship, leading to the deification of an overpowering ruthless man, Stalin.

The Communist party has been in complete power in Soviet Russia 32 full years, no opposition party has ever been tolerated. Even within the Communist party, no opposition is tolerated. They assume that the country's safety cannot be entrusted to one man or one party, no matter how infallible the leader may regard himself. Truman assumes that anyone who differs from him must dislike him.

You may recall that before the British canvass commenced, the leaders went to a common service of prayer and they sat together without regard to party. They are Britishers first: partisans incidentally.

The British system cannot be utilized here for many obvious reasons, but the British attitude could influence us. Its maturity is refreshing. These Englishmen have gone through a three weeks' campaign without one word of personal offense and recrimination. And the personal and political relations between Clement Attlee and Winston Churchill are such as to make possible cooperation.

The comeback of Winston Churchill is not surprising. Socialism is an offensive system to a free people. Socialism is not merely a matter of social services to the people nor even of the nationalization of production and distribution: it is not only a welfare state. It is an assumption of the superiority of an elite group over the people: it involves bureaucratic controls of the people. It becomes a burden and a trial. The British have known group, oligarchy or, as in the long.

Hugh Oberschlake Honored on Birthday

Mrs. Hugh Oberschlake entertained with an evening party and included forty-one guests made up of relatives, neighbors and close friends to participate in the celebration of Mr. Oberschlake's 37th birthday anniversary. The evening was spent informally in visiting and enjoying music furnished by Melvin Williamson, Clyde Garringer, Rollo Deakne, Edward Jenkins and Russell Hawkins. Mr. Oberschlake received a number of gifts which were acknowledged graciously. Later Mrs. Oberschlake served a delicious refreshment course. Those enjoying the pleasant event were Mr. and Mrs. George Henry and family, Mr. and Mrs. Robert Evans and family, Mr. and Mrs. Edward Jenkins and family, Mr. and Mrs. Russell Hawkins and son, Mr. and Mrs. Rollo Deakne and family, Mr. Clyde Garringer, Mr. Melvin Williamson, Mr. and Mrs. Hermus Oberschlake and family, Mr. and Mrs. Harold Smith, Mr. and Mrs. John Hiltner, Mr. and Mrs. Clinton Long, Mr. William Hiltner and Mrs. Joe Campbell.

Mrs. Emrick Is Hostess to Class Members

Members of the Willing To Help Class of the McNair Church met at the home of Mrs. Homer Emrick Tuesday evening for the regular February meeting.

The opening devotionals were in charge of Mrs. Edgar Richardson, president who read Scripture and prayer by Mrs. Clifford Foster closed this period.

During the business session, the usual reports were heard and plans were made to include the families of members at the next regular meeting, March 28, which will be held at the church.

A rummage sale was also planned for April 1 at the church.

The members packed a box of clothing to be sent to the Morris Mission School, at Morris Fork, Kentucky.

Later two interesting contests were conducted by Mrs. John Schiller and Mrs. Ray Weiland and prizes in these were awarded Mrs. Homer Scott, Mrs. Sheldon Long, Mrs. Clifford Foster and Mrs. Martin O'Cull.

Dainty refreshments carrying out a St. Patrick theme were served by the hostess during the social hour.

Personals

Mrs. Pearl Lemons and Mrs. Roy Thompson were in Columbus Tuesday to visit with their sister Mrs. Minnie Bogard of Mt. Sterling who is a patient in Mt. Carmel Hospital.

Little Miss Patricia McCoy of Wilmington is spending this week with her grandparents Mr. and Mrs. Ray Brandenburgh.

Mrs. Carl Throne of Red Bank, New Jersey is the house guest of Mrs. Ragna Stenmar for a visit of several days.

Mr. and Mrs. Robert A. Craig, Mr. and Mrs. Colin C. Campbell, Mr. and Mrs. L. M. Hayes, daughter Shirley Sue, her guest Miss Eileen Henrich, Mrs. Leonard R. Korn, Mr. H. H. Denton and Mr. Clifford Hughes were in Delaware

The Sandersons who formerly resided in Columbus since January 1, when Mr. Sanderson accepted a position with the Tennessee Gas Company, after completing his graduate course in the college of commerce at Ohio State University.

Miss Shirley Sue Hayes, senior student at Ohio Northern University, Ada is spending the spring quarter vacation with her parents, Mr. and Mrs. L. M. Hayes. Her roommate Miss Eileen Henrich, who has been her guest for a few days returned to the university Tuesday evening.

Esther Rapp Engaged to James Braun

Mr. and Mrs. Omar B. Rapp, of near Bloomingburg, announce the engagement of their daughter, Esther Elinor, to Mr. James H. Braun, son of Mrs. James H. Braun, of this city.

The bride-elect was graduated from Bloomingburg High School in the class of 1944, and has since been associated with the First National Bank here.

Mr. Braun graduated from Washington High School in the class of 1942 and from Ohio University, Athens, in the class of 1948. Following graduation from high school, he spent three years as a members of the U. S. armed forces. He is now engaged in farming on the Wilmington Road.

No definite date has been set for the wedding.

"ITS SO EASY TO PLACE A WANT AD"

Scholarship Is Awaiting H. S. Student

Qualified high school graduates from 22 Ohio counties will be considered for the 1950-51 Phi Upsilon Omicron scholarship in home economics at Ohio State University, Dr. Gladys Branagan, director of the School of Home Economics announced today. The award is made yearly by the alumnae of the Ohio State chapter to help develop future leadership in home economics.

The scholarship award this year has been raised to \$200, \$65 to be paid at the beginning of the first quarter and \$45 for the next three quarters. Selection is made on a basis of interest in homemaking, leadership qualities and other characteristics, as well as scholastic abilities and financial need.

The recipient may be a resident of any of the following counties: Fairfield, Fayette, Franklin, Fulton, Gallia, Geauga, Greene, Guernsey, Hamilton, Hancock, Hardin, Harrison, Henry, Highland, Hocking, Holmes, Huron, Jackson, Jefferson, Knox, Lake or Lawrence.

County superintendents, principals of high schools, county extension agents and alumnae of Phi Upsilon Omicron, national professional home economics organization, are being asked to submit names of qualified candidates by April 15 to the School of Home Economics, Scholarship Committee, Phi Upsilon Omicron, Ohio State University, Columbus 10, Ohio.

Greenfield Woman Dies in Rest Home

Mrs. Roxie Carlisle, of 458 Dickey Avenue, Greenfield, died

Tuesday in the Flint Nursing Home in Washington C. H.

She was the widow of Taylor Carlisle, and leaves many friends in the Greenfield community.

The Struve Funeral Home, Greenfield is in charge of funeral arrangements.

and assigned to a ship or station. Men with no prior service will be sent to the Naval Training Center, San Diego, Calif., for 10 to 13 weeks of recruit training.

Naval Recruits Are Being Sought

The Navy has immediate openings for young men and former members of the Naval service, Chief Harry B. Mace of the Navy Recruiting Station, Chillicothe, announced today.

"It is possible for those who make applications immediately and meet the present qualifications to be accepted for enlistment in the Navy this month," he said.

Those with prior Navy service will be transferred to Washington D. C., Naval Receiving Station where they will be reclassified

Red Cross Free Blood Promised Hospital Here

Blood Bank Official Makes Statement at Rotary Meeting

Arrangements already have been made to supply whole blood, or blood plasma in any quantity desired, and free of charge to the Fayette County Memorial Hospital when it opens.

Anthony L. Schmieg

This was made clear Tuesday in answer to questions, by Anthony L. Schmieg, American Red Cross administrator, for the Columbus Regional Blood Center and a former State Highway Patrolman, during his talk before the Washington Rotary Club members and visitors at the Country Club.

An estimated two weeks' supply will be left regularly at the hospital here, each two weeks, more to be sent if needed for any emergency. Fayette County's quota for blood donations is 100 pints, every two months.

Schmieg who was the principal speaker before the club made an earnest appeal for Red Cross support from all the people. He proved especially interesting to his hearers when he gave a description of the work of the Red Cross blood bank, how it operates and how the blood is handled. The Columbus Regional Blood Center, the only one in Ohio, serves 33 counties of which Fayette County is one.

The speaker was introduced by Thomas Mark, chairman of the present Red Cross Drive in this county. Mark had been presented by William Himmelsbach.

Schmieg made clear in his address that the American Red Cross blood bank was sufficient reason in itself for earnest support of the Red Cross besides its other great help in many important fields of activity.

He gave a number of striking examples of what the Red Cross has done in bringing aid to communities as well as individuals, noting with special emphasis the thousands of lives saved through the use of blood which is supplied without cost.

He pointed out that 20,000 pints of blood was furnished by the Red Cross and used last year in Franklin County alone. He told of the thousands of calls being made upon the Red Cross for blood and the tremendous need for constant new supplies.

Schmieg received his educational degree in the college of commerce at St. Xavier University, Cincinnati, in 1936. While a student, he was prominent in athletics, playing football, basketball, baseball, and participating in boxing and track.

He became associated with the State Highway Patrol in 1938. In

ed the Franklin County Red Cross staff in 1948.

During the Rotary business session Clyde Snodgrass, new manager of the Morris Store here, was introduced to the club as a transfer Rotarian from another city.

William Himmelsbach made a report on the recent trip made to West Lafayette where a new Rotary Club was installed last week.

Birthday greetings were sung for O. D. Farquhar and John O'Connor. The birthday of W. M.

Campbell also came within this week's period. He is on vacation in Florida.

Marlyn Riley introduced the new Junior Rotarian, Everett Caplinger and the outgoing young high school student in this category, Jack Trimmer, made a pleasant acknowledgement of his past two weeks of membership.

John Jacob Astor made his fortune on beaver skins.

Coal from Distilleries Is Given to Hospital

CINCINNATI, Mar. 1—(AP)—Schenley Distillers, Inc., today released 24 tons of coal from its stockpile to Dunham Hospital here. It also announced that it was making 50 tons of coal available daily from its Lawrenceburg, Ind., plant to needy public institutions in this area.

Safe Economical Transportation Is Essential In Good Government!

Left to Right: Patrolman Virgil Harris, City Manager Winston (Flitt) Hill, Chief of Police Vaiden Long and Chevrolet Dealer, Ray Brandenburg.

OUR CITY OFFICIALS recognize the fact that safe dependable transportation is absolutely necessary in the enforcement of law and order, so naturally they picked the nation's No. 1 car, CHEVROLET to do the job.

Left to Right: Ray Brandenburg, Buick Dealer, presenting Sheriff Orland (Tubby) Hays, the title to his new Buick.

THE SHERIFF OFTEN has to use a lot of speed to overtake some law breaker. The Buick fills the bill 100% with its Fireball Engine, ready to respond at a moment's notice, with plenty of reserve power and speed. This Buick is a real thoroughbred. So if you break the law—better not run away.

Left to Right: Stephen Brown, Supt. of Washington C. H. City Schools, Wayne Bower of R. Brandenburg Motor Sales, Inc.

The percent of accidents in this country has been very high among youthful drivers. We feel that the fault is not theirs but ours. We haven't trained them properly. The driver training course in our high school is a practical approach to this problem and is already getting very favorable results. We are very happy to have a part in this program by furnishing a safe, dependable 1950 Chevrolet sedan to the Washington High School to carry out this program. We compliment the city officials, the sheriff and county commissioners and high school on their car selections. Thanks a million.

Fans Looking Forward To Exhibition Friday

The College All-Stars coming here Friday night will floor a stellar array of basketball talent against the Rife's team in the benefit doubleheader at the WHS gym.

The preliminary, set for 7:30 P. M. Friday, will also be a guaranteed crowd-pleaser. The American Legion team will face a strong bunch from Good Hope.

The team that Danny O'Brien is bringing to Washington C. H. under the name of the College All-Stars is made up of University of Dayton football players. Some top-notch cage material is included because, unlike OSU and other schools, a varsity man is permitted to play in just a single major sport at the U. of Dayton.

The All-Star team has rung up 16-3 record this season. They are paying all their own expenses in coming here. Danny reported so that their amateur standing and college eligibility will in no way be endangered.

Worthy Cause
The proceeds of the game will be split between the polio and the new cage league, with 25 percent slated for the drive against infantile paralysis. The remainder will go toward expanding the basketball program here.

The recently formed cage league was hampered by financial difficulties at the outset, with just four teams surviving. The high demand here for such recreational

activity can be satisfied by a six or eight-team loop next year, thus filling an age gap not covered by the Recreation Commission's present program.

The Rife's team will be strengthened considerably for the exhibition by the return of Clyde Helsing, Jeffersonville H. S. coach who stuck with his boys for their title game last Monday while Rife's found the going tough against Bloomington. The remainder of the Rife's club is expected to be at full strength for the match.

Info On Dayton Cagers
Here's the College All-Star roster, with some information on each player:

LeRoy Kane, 20, a native of Hawaii, is called the "Happy Hawaiian". Standing five feet ten inches, he plays guard and is a scrappy basketball player with a deadly one-hand jump shot. He plays halfback on the gridiron and holds the U. of Dayton scoring record.

Jack Bramlage, 20, of Dayton, stands 6-feet tall and will start at forward. He's noted especially for his baseball talent and has been approached by pro teams. In a cage game, he is a smooth ball-handler and an accurate shot.

Bill Cutcher, 21, hails from Oak Harbor, Ohio. He stands 6 feet 2 inches and plays the pivot post. Bill is a strong defensive man.

John Callahan, 21, stands 5 feet 11 inches and is a rebound man and ballhandler from his guard post. He was named offensive captain of next fall's grid team.

Bobby Recker, 19, played on the Toledo Central Catholic team that went to the state finals last year. Stands 5 feet 9 inches and is speedy. He's the defensive safety man on the gridiron.

Marlow Termine, 22, from Holy Name in Cleveland, is "the boy to watch", according to Danny. Weighing just 135 pounds, at 5 feet 4 inches, he's still rated one of the best all-around players in Dayton. He's speedy and a deadeye.

Dan O'Brien, 21, stands 5 feet 11 inches and holds down a guard post. Dan is a halfback and a speedster on both the gridiron and hardwood.

G. Hope-Legion Toss-up
The opening game of the twin-bill promises to be a hard-fought battle.

Included on the Good Hope roster are Harlan Baird, Marlin Anderson, Bobby Rodgers, Dane Anderson, Delmar Straley and Ronald Johnson. A few others on the Good Hope squad will be coming here for the Legion game.

Manager Francis Morgan will be starting an American Legion team led by Jim McGowan and Ron Guinn. Other dependables he can choose from include Mark Shaffer, Clyde Snodgrass, Phil Douglass, Gene Stanforth and Bob Green.

Tickets for the big double-header can be obtained at almost any downtown business place with a basketball poster in its store window.

Parseghian Comes Back As Miami Line Coach

OXFORD, March 1—(AP)—A football halfback, Ara Parseghian, has been appointed line coach at Miami University. Parseghian was a star at Miami during the 1946-47 seasons and joined the Cleveland Browns for the 1948-49 campaigns.

Beaver pelts laid the foundation for the Hudson's Bay Co.

Implement League Scores Run High

The red hot race that has developed at the front end of the Implement League today was unabated—it was even a little hotter. The Warner Servicemen lost two games to the Mt. Sterling outfit in Tuesday night's bowling at Bowland while the Sons Grinders were winning two from Wackmen.

These two pace setters were still out in front, but their lead was whittled a little. Fat individual and team scores came in bunches just like bananas. Ted Warner fired the heavy artillery as he racked up 635; Carl Noon counted up 628; Bob Carman 611 and N. Crooks 606. The Grinders had the high team score of 2837.

The VFW made a clean sweep of the match with Carpenter's Hardwaremen and Dutch Denton's boys won the last two from the Farm Bureau quintet.

Commercial Loop Pace Maintained

Mark's Constructors and the Kaufmen continued their neck and neck race at the top of the Commercial League today after each team won two out of three in Tuesday night's matches at Bowland.

The Constructors took the last two from the Farm Bureau and the Kaufmen did the same in their match with Carroll Holliday's boys.

The only clean sweep of the evening was turned in by the Cudahy Packers when they shut out their cousins, the Sunlights.

Heifrich's Marketiers came through to win their last game by 11 pins after dropping the first two to the Brown & Brockmeyer outfit.

Washington C. H., Ohio

Rassling Show Set for Sabina

Wrestling, which has become familiar to even the most timid souls now through television, is coming to Sabina in the flesh Friday night.

The VFW post there has arranged for a card of professional exhibitions by rasslers who probably are known to most fans through the new TV medium.

The show is to be staged in the Sabina High School gymnasium. The doors are to open at 7 P. M. with the performances slated to get under way an hour later.

Gus Bock, the VFW post's athletic director, has announced that the first event would bring together Young Richards, 171 pounds of Akron and Speedy Armour, 163 pounds, of Wheeling, W. Va., for a two-out-of-three fall match but with a 60-minute limit.

The main event, another two-out-of-three fall match but with a 90-minute time limit, will match Ralph Alexander, 205 pounds, of Columbus and Bob Anderson, 209 pounds of Dayton.

George Harder, the tri-state weight-lifting champion and wrestler, is to be brought in from Indianapolis to referee the exhibitions.

New Holland Meets Bremen Thursday

The New Holland Bulldogs (18-4) will open its District B tournament action against Bremen (15-7) at 5 P. M. Thursday at the Westerville gym.

That this game should be drawn as their first match is a bit ironical, since the superintendent of the Bremen school will probably be rooting against them. What's wrong with that? Well, nothing, except that Superintendent Harold Costlow also has close ties with New Holland.

Costlow was superintendent at New Holland for eight years, from 1937 through 1945.

If the high-flying Bulldogs get past Bremen, they will be in for a tough one. Their second opponent will be the winner of the Ashley (22-0) vs Worthington (14-9) game. Worthington walloped Liberty Union in the district open-er Tuesday night, 55-29.

3 Former Lions Are Making Good As College Cagers

Three former team mates in WHS basketball are making good in college basketball—but now they are on opposite sides.

Don Denton and Dick Korn are playing with the Ohio Wesleyan freshmen basketballers and Bob Craig is doing the same at Denison University.

The three have met twice on the floor this season, the first time two weeks ago on Denison's floor at Granville and again Tuesday night on the Wesleyan floor at Delaware.

The Denison freshmen won the game on their home floor and the Wesleyan freshmen won the set to Tuesday night on their floor, 61-47.

All three of the former Lions are in line for their numerals which are awarded for play on much the same basis as letters are awarded varsity players.

A dozen friends from Washington C. H. drove to Delaware to take in the game.

The blue whale is the largest species of whale.

Circleville Wins; McClain Eliminated

The Circleville Tigers took Westerville over the hurdles Tuesday night, 45-32, to get past their first opponent in the Class A district tournament at the Fairgrounds Coliseum in Columbus.

Circleville will meet Columbus North at 9 P. M., Wednesday. Columbus North pulled an upset Tuesday night by eliminating the defending champions, Columbus Central, 58-57. North was trailing, 55-51, with less than three minutes to go and rallied to stun Central.

In the remaining Central District Class A game, Bexley upset Marion Harding, one of the favored entrants, by a 45-43 score.

The Greenfield McClain cagers were knocked out of their Class A district tournament by a powerful Chillicothe team, 66 to 49.

In a regularly scheduled game, the Wilmington Hurricanes were beaten by Lebanon, 52-47, in their season finale. Wilmington was leading, 17-14, at the quarter and 31-22 at the half.

The WHS Blue Lions see their first action in the Class A district competition when they play at 7:45 P. M., Thursday, at the Fairgrounds Coliseum. The Lions will meet the winner of the Grove City-Columbus Aquinas fracas, to be played Wednesday night.

2 Reds Still Out As Training Opens

TAMPA, Fla., March 1—(AP)—The Cincinnati Reds opened their 1950 training season today with

Beulah Park Owner Buys River Downs

CINCINNATI, March 1—(AP)—River Downs, a one-mile track which was built here 25 years ago when horse racing was not permitted in Ohio, was sold yesterday to Robert J. Dienst, president of Beulah Park at Columbus.

The deal was closed at Miami, Fla., between Dienst and representatives of the estate of Edward P. Strong, owners of River Downs.

Two of last year's regular infielders still unsigned.

First sacker Ted Kulszewski and second baseman Jimmy Bloodworth were not in uniform.

Redleg President Warren C. Giles, scheduled to arrive here during the day, told newsmen he looked for no difficulty in signing. However, he was expected to find trouble in getting Big Ted's signature on a contract.

The purchase price was not disclosed but the Cincinnati Enquirer said it was believed Dienst had paid "about \$700,000," the price asked by the Strong estate.

Dienst also owns the River Divide Farm stable, which is being campaigned in Florida. Sigh Man, from his stable, is among the Kentucky Derby hopefuls.

A spokesman for Dienst said at Columbus that an extensive remodeling and improvement program was planned for River Downs, which is scheduled to open a 43-day running race season on May 27.

YOU'VE A DATE WITH SPRING

— and your Buick Dealer

YOU read it on the calendar—and you feel it in the air.

Spring—and the outdoors calling—and that lively jubilation that comes with winter's passing.

And nowhere is the spirit more in evidence than at your Buick dealer's.

For it's Spring Jubilee time with Buick. Time to trot out and show off all the gay and brilliant beauties of his 1950 line.

Time for you to sample, in proper setting, all the new life and brilliance of Buick valve-in-head straight-eight power—time for you to meet the greatest cure for spring fever known—the easy, effortless, mile-mastering stride of a Buick under your command.

There are wonderful things for you to look into:

A Riviera at Sedan prices. Two-door Sedans, four-door Sedans in a wide range of power and prices. Convertibles, Estate Wagons, a Coupe—cars for every taste and practically any budget.

There are even gay new spring colors to help you meet the season in proper garb. And of course, if you haven't yet done so, there's Dynaflo Drive* for you to meet and sample.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Yes, you've a date—right now—to meet spring at your Buick dealer's. A date not only to see pleasant things—but to hear pleasant news as well.

For Buick prices are something to jubilate about too. They start just above the lowest bracket—and they are accompanied by very easy-to-take arrangements as to the "deal."

How about today—at latest tomorrow—for keeping your date with your Buick dealer?

Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLO DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher

Still No Word From State Tax Authorities

Listing of Personal Property Moving Forward, However

Officer of the county auditor and county treasurer are marking time while awaiting action of the state board of tax appeals, which is now considering the revaluation of real estate in Fayette County.

It has been nearly two weeks since County Auditor Ulric T. Acton, appeared before the board in Columbus, and submitted all facts and figures asked, in an effort to have the revaluation approved so that collection of taxes here might not be delayed longer than necessary.

Early action was promised on the revaluation, but since that time the board has sent a man down to check utilities figures here. Outside of that nothing has been heard as to whether the board plans to approve the duplicate submitted by Acton, or whether an increase in valuations is planned.

In the meantime listing of personal property is proceeding at the auditor's office, but no collection of the first half of the taxes is being made, due to the fact that no tax rates can be established until word is received from the state board of tax appeals.

Weeks must elapse after word is received from the board before accounts and books can be placed in readiness for collection of taxes, it is indicated.

In the meantime the need of tax money for all purposes will soon be felt, before taxes can be collected, and steps to meet this situation by borrowing money may be necessary, it is indicated.

Leopard Dies in Zoo

(Continued from Page One)

beast in a semi-sleepy condition throughout the day.

Fifteen hours late at 5:45 P. M. (CST) the leopard was found stretched lifeless in his cage even though a stimulant to overcome the drug's reaction had been administered periodically by a veterinarian, Dr. W. O. Bowerman.

Zoo Director Julian Frazier said the animal seemed to be on the road to recovery early in the afternoon only to suffer a sudden relapse.

"I don't really know what caused his death," Frazier said, after talking to Dr. Bowerman.

The veterinarian had examined him and said he was "doing fine." An autopsy will be performed.

Even though his escape spread terror around the adjacent countryside the leopard's passing saddened zoo officials and thousands of volunteer hunters who were "out to kill."

"He's a fine animal and we hate to lose him," Frazier remarked, lifting the animal's head hoping for a spark of life.

It will not be an inglorious death for the stately prowler of the jungle.

The body will be mounted and placed somewhere in Oklahoma City as a remembrance of "the leopard which escaped from the Lincoln Park Zoo."

County Courts

DAMAGES SOUGHT

Mary Pierson, in a suit filed against Lee W. DeVoss, in common pleas court, asks \$788.27 damages as result of a traffic accident at North North and Market Streets, Nov. 8, 1949.

The plaintiff, who is represented by Reed M. Winegardner, states in her petition that on the above date she owned a Mercury car and the defendant a panel truck.

Plaintiff's car driven by her son, Archie Wayne Pierson, was proceeding south on North Street and the truck east on Market street, it is stated.

Plaintiff claims the defendant's truck was driven through a red light, resulting in a collision which damaged her car \$528.27. She also asks \$260 for being deprived of the use of her car.

MARRIAGE LICENSES

Maynard Eugene Dowler, 29, farmer and Betty Lou Frey, 21, cashier, city, R. 4.

William Leonard Glass, 28, foundryman, Greene County, and Lois Ruth Peacock, 21, city.

OLIVER F. ROSS WILL

The will of Oliver F. Ross, hearing date of Jan. 6, 1928, has been probated. The document was witnessed by Robert A. Edge and Lillian Wilt. The testator leaves to his mother Lina Mitchem during her life a residence property at 813 John Street. To his widow, Hester Ross is left all property, subject to the life estate in the residence property, above mentioned.

Pittsburgh Firm Was Low Bidder

The C. E. Englehart Co., Pittsburgh, Pa., was low bidder on the project for a new overhead bridge over the B & O tracks on Seventh Street, in Greenfield.

The firms bid was \$36,421, and the state department of highways estimated the cost at \$40,600.

Two other firms placed bids but were much higher than the bid submitted by the Englehart Co.

The village of Greenfield has voted \$7,000 toward the project, and the highway department and B & O will share the remainder of the expense. A wooden span will be supplanted by a concrete and steel structure.

American Girl Club Discusses Procedure

Members of the American Girl 4-H club here today knew a little more about how to proceed with their meetings after a discussion of parliamentary procedure at their last meeting at the home of Rosemary Crosswhite.

The discussion was based on the rules which were read to the club by the president.

On the personal side, an article on good grooming was read by Madeline Jones and a cooking demonstration on the proper way to bake a cake was given by Sue Williams.

The last half hour of the meeting was devoted to recreation.

The club's next meeting is to be at the home of Alberta Crosswhite Monday at 4:45 P. M.

Tibet has no railroads, motor highways or deep waterways.

Sgt. D. R. Snyder Funeral Rites

Sixty Airmen Here From Air Base

The Hook and Son Funeral Home was filled to capacity, Tuesday at 2 P. M. for funeral rites held for Master Sergeant Darel R. Snyder, who met death at Wright Field in a jet plane explosion.

Sixty officers and enlisted men, including six British officers, from Wright Field, attended the services.

Chaplain (Capt.) Earl W. Minor, of Wright Patterson Air Force Base, delivered the sermon and paid personal tribute to Sgt. Snyder. He also read the memoir and Tennyson's "Crossing the Bar." Rev. C. B. Tigner read the scriptures and offered prayer.

Mr. and Mrs. George Anderson sang the hymns "Sometime We'll Understand" and "The Old Rugged Cross." Mrs. Eldon Bethards sang "Face to Face." Mrs. Lawrence Black accompanied the singers and also played softly at the beginning of the services and at the close.

While the services were under way M. Sgt. James F. Moore and T. Sgt. Arthur J. Bassett, military escorts, stood at attention at each end of the casket.

The officers and enlisted men formed ranks between the funeral home and funeral coach and stood at salute as the casket was carried out.

They formed ranks again at the cemetery for the services there.

The enlisted men cared for the large number of beautiful floral gifts.

Chaplain Minor conducted the graveside services, and presented the flag from the casket, to the widow. The flag had been folded by the officers forming the escort. Rev. Tigner offered prayer.

The firing squad was from Paul Hughes Post of the American Legion. Fred Brandenburg sounded taps.

The pallbearers were Master Sergeants Carl L. Davis, Paul J. Huber, Kenneth C. Adkinson, Darwin E. Deck, Robert H. Foskuhl and John H. Deihl, Jr.

Mrs. Creed Cook Claimed by Death

Mrs. Creed Cook, 56, died at 3:15 P. M. at her home, 819 South Fayette Street. She had been in ill health the past 18 months.

Mrs. Cook was a native of Pike

The Old Home Town

By Stanley

County, where she resided until she was 15 years of age. She had resided here the past eight years.

She was a member of Grace Methodist Church; Mrs. Florence French's church circle, and "In His Service" Sunday School Class.

Surviving are her husband; two sons, Lee of Circleville, and Pvt. Glenn Cook, U. S. Air Force, San Antonio, Texas; two daughters, Mrs. Kirk Cupp, Circleville; Mrs. Lloyd Fennig, Greenfield; four grandchildren, two sisters, Mrs. Jacob Bogard, Mt. Sterling; Mrs. Jacob Adrian, Lancaster; and two brothers, Will Beatty and Charles, both of Lancaster.

Funeral services will be held at the Hook and Son Funeral Home, at 1:30 P. M. Friday, and burial will be made at Amanda Township, Pickaway County. Rev. Allan W. Caley will conduct the services.

Friends may call at the funeral home after 7 P. M. Wednesday.

Arrests To Halt Thefts of Swine

Officials believe that arrest of two London men, Earl Jackson and William Irvin Hoosier, for theft of swine in Madison and surrounding counties, will end most of the hog thefts in the community.

The two men, who were held to the grand jury in London with bail fixed at \$5,000 each, have admitted theft of scores of hogs during the last five months, and it is believed they also stole other animals which they have not included in their confessions.

All of the hogs were marketed at the Columbus Packing Co. plant, at the rate of four to 14 head at a time, Madison County officials state.

The pair used a trailer attached to an automobile for hauling the stolen hogs.

CANASTA

The first rule of Canasta is: Never play with people you don't know well enough to get into an argument with.

There's never any argument about your choice of bread when you take home a loaf of PENNINGTON ENRICHED BREAD. Everybody raves over it.

Organ Club Meets And Makes Plans

Active members of the Washington Organ Club met at the home of Mrs. C. L. Musser, Tuesday night, for a business and social session.

Mrs. Robert Pavey, president, presided at the business session, during which a number of matters were discussed, and plans announced for a pre-Lenten program to be presented at Grace Church, Sunday afternoon, March 12 and to be open to the public.

Karl J. Kay conducted a hymn tune contest which aroused much interest.

Calvin Johnson entertained the group with numerous selections played on an old Tournaphone, or small organ operated by hand and which plays from rolls.

The hostess served delicious refreshments which were greatly enjoyed.

Crossed Yellow Line And Sheriff Nabs Him

Yellow line crossers are finding the law is keeping an eye on them when they do not know it, and recently a number of such offenders have been cited into court for their offense.

Tuesday Sheriff Orland Hays was driving on U. S. 62 south and picked up Charles Vernon Weaver, of Newark, for crossing

a yellow line. Weaver was brought into town and charges placed against him in police court, where he posted \$20 bond for his appearance.

OUTSIDE HEAT!

WILMINGTON—When a 22-year-old boiler broke down at the General Denver Hotel, an asphalt heating boiler was obtained, set up outside the hotel and connected with the heating system.
